

Axessline outlet

935-R2DU

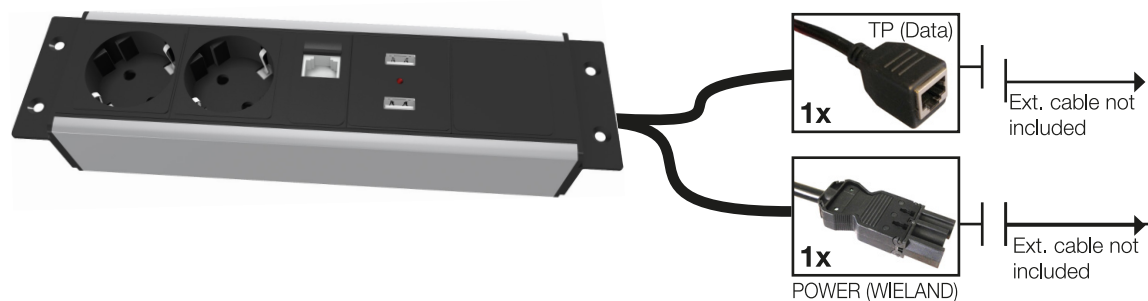

- 1** CUTOUT
Make the necessary cutout in desk top or partition wall: 217 x 63 mm. Note that additional customized cut-out might be needed for cables.

- 2** ADJUST (OPTIONAL)
Consider adjusting the side brackets to obtain best results. Four different positions can be achieved by unscrewing and re-mounting side brackets. Two of which are illustrated.

- 4** CONNECT
Connect cables to corresponding external components.

- 3a** MOUNTING (ALTERNATIVE 1)
Mount to wall using 4 screws (not included). By flipping side brackets upside-down, they can remain hidden behind the screen (see step **2**).

- 3b** MOUNTING (ALTERNATIVE 2)
Mount to wall using 4 screws (not included). By flipping side brackets upside-down, they can remain hidden beneath the table (see step **2**).
