

PRODUCT BOX CONTENT

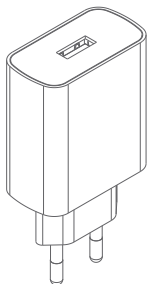

Wireless charger x 1
1.5m cable

Pressure plate x 1

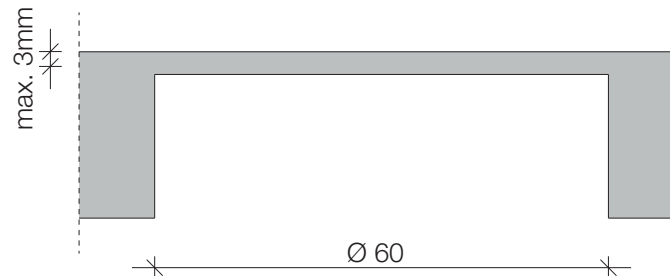

Wood screws x 3

Wall charger x 1

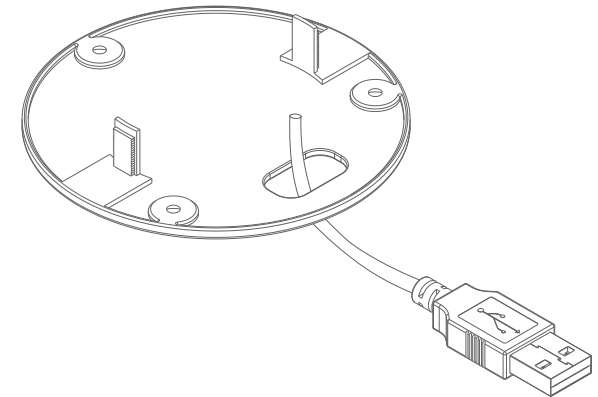

①

Drill a hole at the desired position.
It is recommended that this is done with a router to get the correct depth.
Note: Maximum distance from wireless charger to top of the table is 3 mm.

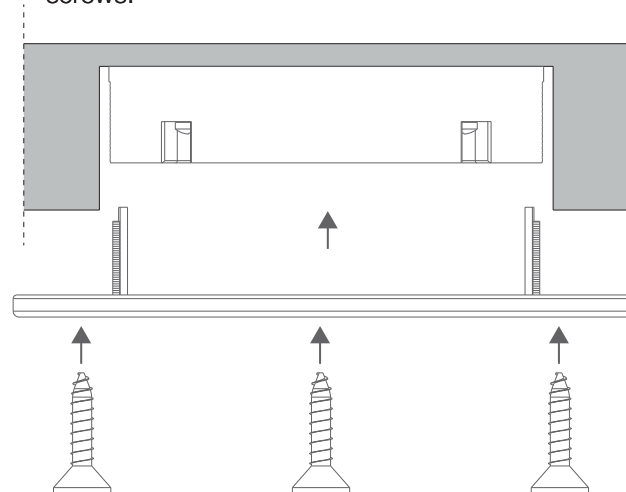

②

Run the USB Type A charger cable through the hole in the pressure plate.

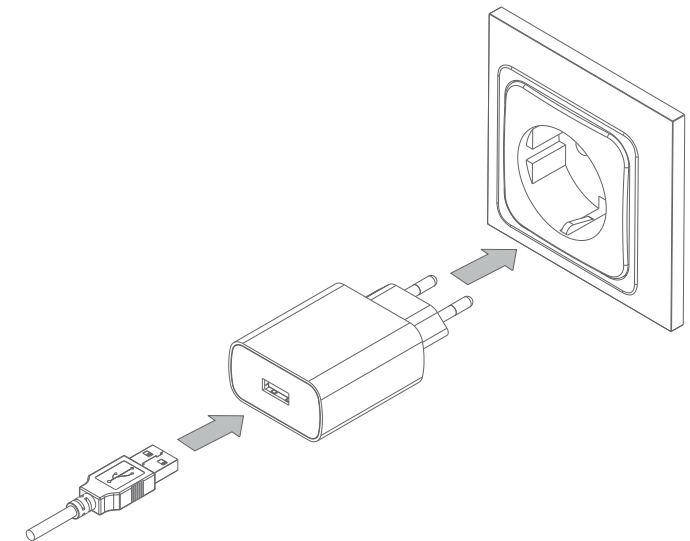

③

Install the wireless charger with the text "Wireless Charging". Align the pressure plate with the teathed slots on the charger and fixate with attached screws.

④

Plug the USB Type A charger cable into the attached wall charger and plug that into an electrical outlet.
