

Cable Tray 720 mm

□ 429-4004
■ 429-4001
■ 429-4002

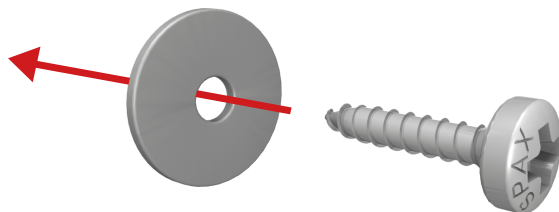

CONTENT:

**1**

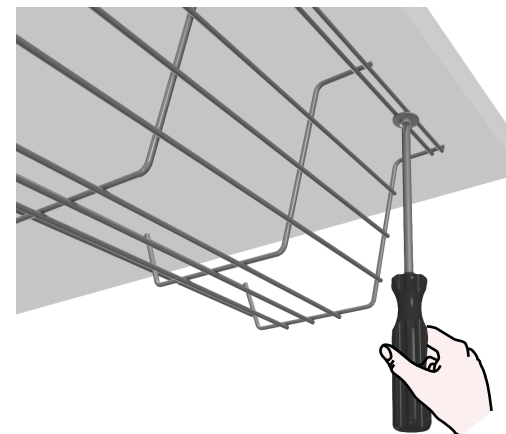

INSERT

Take a washer and screw. Insert the wood screw into the hole and leave one assembly aside.

**2**

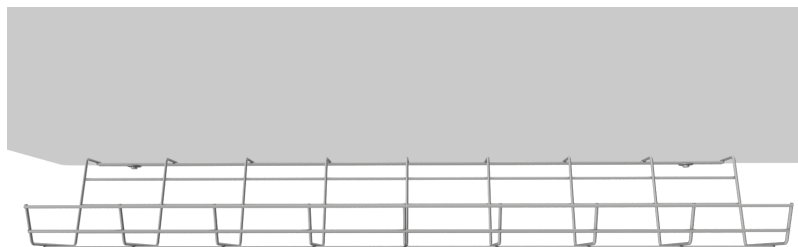

POSITION AND ATTACH

Position the cable tray and attach to the table using one screw assembly at the time. Keep spacing symmetrical for best results.

**3**

READY TO USE

Once all screws and washers are in position, the cable tray can be used as intended.

**4**

USAGE

Place electrical equipment on top of the tray and organize as desired.
