Conceptum Toolbar

# FUNCTIONALITY TURNED INTO PERSONAL DESIGN

Conceptum Toolbar is a modular system for the workspace with almost unlimited possibilities. A flexible concept that, not only reduces the need for desktop space, but also provides a more adapted function and better ergonomics.

The basis of Conceptum is a stable toolbar rail for desk screen, wall or post mounting that is supplemented with a large selection of accessories. Accessories that offer the freedom to create a personally designed workplace.

Conceptum Toolbar is available in black, white, and silver.

IT'S ALL IN THE DETAILS

A rail makes no difference. It is the accessories that do. With Conceptum Toolbar's large selection of accessories, there are endless possibilities to choose accessories that create a personally designed workspace, both functionally and aesthetically. Choose everything from monitor arms and smart lighting to stylish shelves, pen cups or laptop holders. Accessories that create a well-thought-out and optimised work surface down to the smallest detail. Exactly the way you want it.
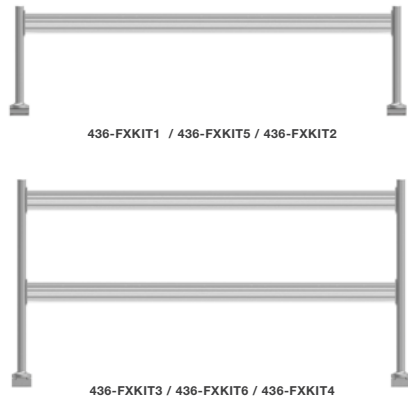

TOOLBAR FREE STANDING PROFILE

Free-standing and robust toolbar rail. Can be complemented by a very large selection of accessories. A flexible, complete concept which allows unique possibilities for adapting individual needs. All with design and performance which combines elegance with functionality.

Ready-made kits

LENGTH REPRESENTS DESKTOP SIZE.
EXAMPLE: 436-FXKIT2 FITS A 1600 MM WIDE DESKTOP.

436-FXKIT1 | TOOLBAR, SINGLE RAIL INCL RODS AND BRACKETS, 1000 MM
436-FXKIT5 | TOOLBAR, SINGLE RAIL INCL RODS AND BRACKETS, 1450 MM
436-FXKIT2 | TOOLBAR, SINGLE RAIL INCL RODS AND BRACKETS, 1600 MM

436-FXKIT3 | TOOLBAR, DOUBLE RAIL INCL RODS AND BRACKETS, 1000 MM

CONCEPTUM LIGHTING

A strong light source illuminates the table for maximum workplace lighting. The lamp's long neck also makes it easy to place the lamp exactly where you want it, which makes it both very functional and ergonomic.
The lamp head is also equipped with a touch control for light dimmer. An ECO Timer switches off the lamp after 4 hours of use.

810-T50W ☐ CONCEPTUM LAMP, INCL. BRACKET, WHITE
810-T50G ■ CONCEPTUM LAMP, INCL. BRACKET, GREY (UPCOMING)

FAQ:

Can you put it on the wall?
Yes. For the free-standing unit, use mounting brackets for wall
mounting (438-PATWM.)

Is it possible to have it in a different length than standard?
Yes, the rail is in aluminum so it can be cut to the desired length.
Do it in a jig with a mitre saw, freehand is not recommended.
Contact us for customized length.

How do I attach the rail to a desk screen?
With Kondator's unique and patented click-in solution,
which hides away the screws.
